

A close-up photograph of a hand holding a glass under a chrome water tap. The tap is mounted on a black metal base. The water is clear and is being poured into the glass. In the background, there are blue plastic chairs and a white bucket with orange liquid inside. The scene is outdoors.

Eco Water
Always clean and safe drinking water!

A close-up photograph of a person's hands pouring water from a chrome tap into a glass. The tap is mounted on a black metal box. In the background, there are blue plastic jerrycans and a white bucket containing orange liquid. The scene is outdoors, likely in a rural or remote area.

There is a need of safe,
uncontaminated drinking water in
remote areas, with poor or no
infrastructure
